# **Description:**

LUME is an inground high-quality aluminum alloy die-casting lamp body, featuring a surface outdoor powder electrostatic spraying finish.

The cover, made from SUS304 or 316 stainless steel die-casting, makes it ideal for outdoor harsh environments. The entire lamp structure is waterproof with advanced technology, offering a reliable IP67 protection grade.

Engineered with a built-in anti-glare cover, this light delivers exceptional glare control with 0 glare for superior visual comfort. It provides a wall washer effect, enhancing architectural aesthetics with smooth and even illumination. The ultra-clear tempered glass and imported material lens are designed to minimize light efficiency loss.

Additionally, it incorporates inductive lightning electrostatic (ESD) protection, compliant with the LEVEL 4 standard, ensuring robust protection against electrical surges.
